TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Temple, in the County of Hillsborough in said State, qualified to Vote in Town Affairs.

You are hereby notified to meet at the Town Hall in said Temple, on Tuesday the 11th day of March next, at 10 o'clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriation for the same.

3. To see what sum of money the Town will vote to raise and appropriate for maintenance of Highways and Bridges.

4. To see if the Town will vote to accept State Aid for the improvement of Class V roads and raise and appropriate the sum of \$487.92, the State to contribute the sum of \$1,951.67.

5. To see what sum of money the Town will vote to raise and appropriate for the purchase of calcium chloride for the use on Class V roads.

6. To see what sum of money the Town will vote to raise and appropriate for snow removal.

7. To see what sum of money the Town will vote to raise and appropriate for old age assistance.

8. To see what sum of money the Town will vote to raise and appropriate for support of library.

9. To see what sum of money the Town will vote to raise and appropriate for Memorial Day.

10. To see if the Town will vote to raise and appropriate the sum of \$58.00 (1/100 of 1% of the valuation of the Town) to the Monadnock Region Association of Southern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and natur-

al advantages of the Town, in cooperation with the other thirty-seven towns of the Monadnock Region.

11. To see if the Town will vote to raise the sum of \$200.00 for the control of white pine blister rust.

12. To see if the Town will vote to raise and appropriate the sum of \$100.00 to be used toward the eradication of poison ivy on public grounds and road sides.

13. At the request of the State Tax Commission.

(a) To see if the Town will authorize the Selectmen to secure the assistance of the State Tax Commission in re-appraising the taxable property in the Town in order to secure greater equality as between taxpayers, and to insure the assessment of all property in the Town on the same standard of value, and to raise and appropriate money to pay for the same.

(b) To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expense of such audit.

14. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes not exceeding the sum of \$10,000.00

15. To transact any further business which may legally come before the meeting.

Given under our hands and seal this 24th day of February in the year of our Lord nineteen hundred and forty-seven.

LIBRARIAN'S REPORT

Of the fifty-nine books that have been added to the Library this past year forty-three were purchased with funds appropriated by the Town, the remainder were gifts.

We are receiving State Aid again this year but the box of twenty books came too late to be added to this year's list.

Many more books have been given to the Library but shelf space does not allow us to place them in the Library. I also wish to place my Geographic Magazine in the Library but room does not permit at present. Our magazine list is increasing and we are enjoying these new ones, Coronet from Mrs. Charles Richardson, Travel from Mrs. Henry Hayward, Hygeia from Mrs. Murray Day and Home Garden from some unknown friend.

We have at present six thousand one hundred and fifty-nine volumes in the Library and two thousand two hundred and thirty books and magazines were borrowed this past year and of these one thousand and fourteen were taken out by the children.

Respectfully submitted,

SUSIE L. CUTTER, Librarian

REPORT OF SCHOOL BOARD

For the Fiscal Year Beginning July 1, 1945
and ending June 30, 1946

To The Citizens of the Town of Temple, N. H.

The Board of Education of Temple respectfully submits its annual report with that of the Treasurer, Superintendent and Auditors.

Mrs. Carter, our primary room teacher, comes to us with a background of much teaching experience and we are fortunate in having her with us.

The amount of \$88.50 paid to Miss Stone for Janitor services performed by the pupils, was used to buy playground equipment, bird feed and to defray expenses of the annual school picnic.

We would again like to thank you townspeople for your cooperation and know that it can always be depended upon.

REPORT OF SCHOOL SUPERINTENDENT

To the School Board and Citizens of Temple:

I respectfully submit my twenty-fourth annual report as your Superintendent of Schools.

Outlook for Education

The State Board of Education with the leadership of the new Commissioner of Education has carefully drawn up a new plan for State Aid, and suggested a largely increased legislative appropriation to make it effective. The Interim Commission authorized by the 1945 Legislature has made an exhaustive study of public education in New Hampshire and their report further emphasizes the need of largely increased state aid to the local school districts.

The state aid plan in use since 1919, providing for elementary schools only, was based on a very complicated formula which was difficult to apply and unsatisfactory in its administration. Furthermore the legislative appropriation was seldom sufficient to cover the requirements of the law.

The proposed plan, which would give state aid for support of high school as well as elementary is embodied in a bill now under consideration in the Legislature. It sets up a simple formula allowing a fixed sum of money for each pupil attending school in any given school district. Two kinds of state aid are proposed; first, an **Equalization Fund** to supply any district with the money it needs for support of high and elementary schools beyond the amount of a local tax of \$6.00 on each \$1,000 of equalized valuation; second, a **General Fund to supply to every school district** in the state a certain sum of money for each child attending school.

These funds must be provided by legislative appropriations; in case such appropriation is not sufficient, provision is made to supply the **Equalization aid** first and to distribute the remainder as **General aid** proportionately.

The reasons for the proposed new plan and its justification are to be found in a comparison of New Hampshire with the other states of the Union. New Hampshire is the fourth lowest state in the percentage of state aid furnished the local school units, providing only 7% of the local costs of elementary schools as compared with a national average of 35%. New Hampshire is the only state not now providing state aid for high school costs.

Education is universally recognized as a responsibility which the state cannot escape by throwing the entire burden of costs upon local real estate taxation—a burden so unequal that it amounted to a tax ranging all the way from \$3.73 per \$1000 in one town to \$32.41 in another town in the school year 1944-45.

A citizenry made up of people enlightened through universal education is the only sure guarantee for the protection of the American democratic principle of the dignity and worth of the individual, and is as necessary as adequate military defense. The Nation's economic security depends more upon acquired knowledge and skill than upon natural resources. Democracy is constantly threatened by hostile alien political, economic and social theories that can be defeated only by vigilant, constant efforts comparable to those that won the war, in which every individual has a responsibility and a contribution to make.

In such a citizenry no less than a complete high school education for every mentally competent child is sufficient. No less than the very best teaching will assure such a degree of intelligence. The most competent persons must be secured and adequately trained for the teaching profession—persons who have the understanding and skill to discover and intelligently stimulate and develop the talents of children. The practitioner of no other profession needs more highly specialized knowledge, more technical precision and artistic skill, than the teacher.

Against this conception of the ideal as a background, let us look at the present condition: more than a third of the nation's 900,000 teachers have quit teaching entirely since 1939; 60,000 vacancies have not been filled at all and 109,000 persons lacking the full qualifications for teaching certificates have been employed on emergency permits. Nearly 500 such persons are now teaching in New Hampshire.

The end of the war brought no relief, and there will be no relief until persons of high native ability can be attracted to the teacher training institutions in much greater numbers, and there receive a full four year training. Such persons will not be keen to invest four years in this training unless they can expect rewards, in terms of money and satisfactions, that are comparable to those in other occupations requiring a like amount of training.

Salaries

Last year I reported that a survey of current salaries of elementary teachers in New Hampshire showed that in towns with less than 600 population, sixteen were paying less than \$1200 and eleven were paying from \$1400 to \$1500. A like survey this year shows only four towns paying less than \$1200. \$1400 to \$1500 is the minimum salary in twenty-seven towns, and the maximum salary in thirty-two towns. Nine towns are paying \$1600 to \$1800. The five towns in this group in our Union are paying from \$1200 to \$1650.

Towns whose population ranges from 600 to 1000 are paying elementary teachers from \$1200 to \$2100 except that six pay less than \$1200.

Towns whose population ranges from 100 to 1500 pay from \$1200 to \$2000 with none less than \$1200.

Towns whose population ranges from 1500 to 2500 are paying from \$1300 to \$2340 with none less than \$1300.

The survey shows that there was a definite upward trend of salaries from last year to this, and at this moment many New Hampshire towns are granting further increases for the current year ranging from \$200 to \$400.

Budget

The budget for 1947-48 presented by your School Board calls for an assessment of \$6183 which is \$583 more than last year's assessment. The important increases are found in the following items: teachers' salaries \$200, text-books \$40, scholars' supplies \$25, (both due to increased prices), janitor service \$65, fuel \$25, high school tuition \$115 (anticipating higher tuition rates), with a new item of fixed charges in the amount of \$65 to cover teacher retirement contributions now required by law.

If the new state aid plan now being considered by the State Legislature should become law Temple will doubtless receive its share, but no estimate can be made until the appropriation bill is passed.

Medical Inspection

The annual physical examination was conducted last December by Dr. Cayward and Mrs. Cutter who report as follows:

Number of pupils examined	27
Number of pupils found to be underweight	4
Number of pupils having defective vision	1
Number of pupils having defective teeth	7
Number of pupils having diseased tonsils	6
Number of pupils having enlarged glands	2
Number of pupils having other defects	1

They also report 12 pupils had correction of dental defects since previous report. Also that all the pupils received diphtheria immunization and all but one pupil were given the tuberculine test last July with only one reaction.

Respectfully submitted,
